

Gripple® is the brand name for an innovative suspension solution with a unique Gripple® hanger at the heart of it. The Gripple® hanger incorporates a patented self-locking fastener mechanism that not only secures the wire rope, but also allows adjustment of the installation height. Gripple® allows for easy and efficient installation that saves time, labor and cost and are supplied as part of a complete kit, comprising of the hanger and a high-tensile wire rope with a choice of fixing attached to it. (Please refer to our product brochure for more details.)

Applications include MEP (mechanical, electrical and plumbing) services, HVAC, signage, acoustic baffles and much more, and is a proven replacement to traditional threaded rod and chain solutions.
