SPECIAL EFFECT VINYL

RTAPE VINYLEFX®

RTape VinylEfx® Special Effects Decorative Series features a proprietary deep-embossing technology that provides a crisp three-dimensional appearance to each pattern. VinylEfx® Decorative Series is a vinyl, not a polyester and no top coating is required prior to printing. The colors are also solid throughout the vinyl — NOT laminated, and unlike cold-embossed polyesters, these fade-resistant films are hot-embossed, which produces deeper, better defined patterns.

RTape VinylEfx® print, cut, weed and handle just like intermediate vinyl and is exceptionally suited for general purpose signage applications whilst adding a distinctive look, adding value and creating eye-catching designs.

EFX INDOOR

- 75 micron, clear acrylic pressure sensitive adhesive.
- Indoor and short term (3- month maximum) outdoor.
- For use on eco-solvent, solvent, latex, UV and screen printing.

APPLICATIONS

Popular for short-term promotional signage for example labels, name tags, key rings, lettering, seasonal signage etc.

EFX OUTDOOR

- 75 micron, clear acrylic pressure sensitive adhesive.
- Indoor and up to 5 years outdoor durability.
- For use on eco-solvent, solvent, latex, UV and screen printing.

APPLICATIONS

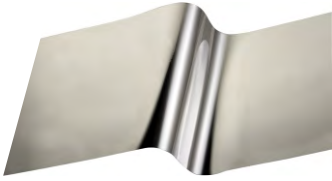

Popular for decorating race cars, billboards, short-term promotional signage, doming on adhesive bonding, screen printing, hot stamping.
