The right film for EVERY application

Graftack and Graficast high quality sign-making films are available in a wide range of colours and qualities for many applications. Selecting the right film for high quality work is more than just choosing a colour.

Will the sign be used indoors or outdoors? Will it be used on a car or a signboard, on an even surface or over corrugations and rivets? All these parameters are important for you to choose the right film. Graftyp are offering the right film for EVERY application! For indoor and outdoor signmaking, for even and uneven surfaces, for light boxes,...

We make self adhesive products that stick, and will make you stick. We are Graftyp.
