

POSTER FRAMES

EEZI-SLIDE LITE FRAME

With EEZI-SLIDE Lite Frame it is as simple as sliding out the media sandwich from the opening on the one side of the frame and inserting the new graphic.

In no time and with very little effort you have an updated your single or double sided display.

- Single or Double Sided
- 16mm Aluminium Profile
- Standard Sizes: A4 to A0
- 2 Suspension Clips
- Suitable to be mounted as a projected sign
- Custom sizes available on request

Opening in profile for easy graphic removal.

KWIK-KLIK ECO FRAME

A very price competitive poster frame perfect for small poster sizes. The front profiles are made of silver anodized aluminium with the backing and the corners injection molded. The small and elegant safety corners make the ECO-FRAME a user-friendly product while keeping the look of a mitred frame.

- Silver anodised aluminum profiles
- Profile: 14mm / 25mm
- Available with mitred corners.

UNIQUE CONSTRUCTION POSTER FRAMES

POINT OF SALE PRODUCTS

KWIK-KLIK 32mm SECURITY FRAME

Kwik-Klik poster frames offer a cost effective and creative way to display posters and printed graphics.

The ingenious KLIK system of Kwik-Klik aluminium poster frames allows you to change posters in no time. Simply “KLIK” open the profile, remove the transparent protective sheet (poster cover) and change the poster.

Updating of advertising, branding campaigns or display graphics can be done quickly and the durable spring steel hinge mechanism of the Kwik-Klik poster frames ensures long-term durability.

- Single or Double Sided
- Standard Sizes: A4 to A0
- (Correx backing with a non-reflective overlay.)

The shape of the aluminium profile makes it difficult to open which acts as a deterrent against possible vandalism.
